- 29% of those served by BACN were children ages infant through 17.
- BACN provided \$11,141 worth of direct financial assistance to Neighbors, and were able to secure partner help for 121 households.
- Only 25% of those served by BACN had health insurance.
- 70% of BACN Neighbors came from Benzie County, and 30% from Manistee County.

Volunteers

Our volunteers are the face of BACN to our Neighbors—even when the “face” must be on the phone or behind a mask. This year in particular, people needed to hear kindness in the voices of others, and our volunteers provided that in spades. We cannot thank enough those who showed up and carried on, both weekly and during food drives. AND...we thank those who wanted to be here and could not. It was very difficult for so many to remain home and not see friends. We look forward to welcoming everyone safely back!

In-Kind

The non-monetary gifts of goods and time are half of BACN's impact to the community. We thank all who called and asked how they could help. We thank all who called and asked how they could help, all who brought food, helped care for our building and lawn, discounted services, showed up with professionally processed fish, deer, beef and pork, and shipped cases of the items Neighbors needed most. You're our BACN angels!
